WebEx Session
You should be able to access the session by clicking on the above link. Then just follow the prompts
✎ edit

You may be able to click on the blue link above if your teacher has attached it as a link

Or they may put a web address here like this that you can copy and paste into a web browser (like Safari on an iPad or Chrome on a PC/Mac)

https://schoolssaeduau.webex.com/meet/ChemWithStapo ← **Or copy and paste this into Safari**

If you already have the app installed it should open and you can just click join meeting, otherwise…

2. Click on the green button

   And the download and install from the app store as normal

   If you don't have Webex Meetings:

   Download Webex Meetings

3. Open the app and click on **Join Meeting**   Note: you do NOT need to sign in!

4. Copy and paste the webex link from your teacher into the top line, and enter your name and an email address as well (does not have to be Learnlink email, but this is best)

   Then click on the blue "Join" button

Cancel	Join Meeting	Join

   https://schoolssaeduau.webex.com/meet/kay.liarakos134

   If you are invited to a Personal Room, you can enter the URL
   company.webex.com/meet/username

   Your Name

   youremail@email.wherever

5. Click "Ok" to allow access to your microphone and camera.

6. If needed, click **Next** on both blue boxes

7. Click the green "Join" button to enter the meeting, and that's it!
