

# Seaview High School

A personalised approach to quality learning.

## Co-Curricular Opportunities

All students are encouraged to participate in a range of curricular and co-curricular programs to develop their capabilities and leadership skills.

Programs include: SRC, Seaview Plus, academic competitions, performing arts, learner voice, community service, public speaking, youth forums, year level camps, ski trips and overseas trips.

Students participate and are highly successful in a range of Zone and Knockout Sport competitions including badminton, basketball, cricket, football, netball, soccer, tennis and volleyball.

## Facilities

Seaview High School has recently completed a major building development, providing state-of-the-art resources and flexible learning spaces. Our facility upgrades include a new Performing Arts Centre, Digital Production Suite, Learning Hub and Food Technology centre.

The latest development includes classrooms and specialised areas, incorporating a multipurpose creative arts complex, performance space and practice studios to accommodate the school's growth.

## Contact

Parents are invited to contact the school for further information or to speak to our enrolment team about selection in an out of zone Special Interest Program.

## Welcome to Seaview High School

Seaview High School provides an inclusive learning environment, where all students are welcomed, supported and challenged to become the very best they can be.

Our comprehensive curriculum, high expectations and innovative teaching and learning programs support students to develop as motivated, confident learners.

The partnerships we form with our students and their families are integral to the way we operate as a school. Student Voice is valued and fostered to ensure students are active participants in the learning process; they co-design tasks, contribute to assessment, provide feedback to teachers and inform decision making across the school.

At Seaview High School we are proud of our innovation, strong focus on digital technologies and the application of problem solving, creativity and critical thinking across all year levels and all areas of study.

This brochure introduces you to just some of the many opportunities we provide students at Seaview High School.

I invite you to experience our school first-hand by exploring our website, Facebook or contacting us directly.

I look forward to meeting you.

Penny Tranter – Principal

## Values and Vision

Our values of Respect, Empathy, Integrity and Resilience underpin all school policy and the partnerships we maintain with parents, caregivers, students, community groups and other education sectors and industry groups.

## Learning Support/Wellbeing

We have a strong focus on wellbeing and encourage students to build healthy, positive and productive relationships with their peers and teachers.

We have a dedicated Student Wellbeing Team which includes School Leaders, Year Level Managers, Counsellors and an Aboriginal Education Worker to support our students.

## Curriculum

We provide a rich learning environment where young people are supported and challenged to flourish as expert learners.

Our curriculum is designed to build on the individual strengths of our students and provide them with the skills to thrive in a rapidly changing world.

Classes are formed as mixed ability groups, with teaching and learning programs designed to support individual development. Our personalised approach ensures opportunities for hybrid classes, acceleration, extension and support.

## Specialist Programs

Seaview High School is a zoned school with limited places available for students out of zone who meet the requirements for selection into Special Interest Dance and/or High Performance Tennis.

Special Interest Dance is offered in addition to the general Arts curriculum and is designed for students who demonstrate skills and ability in dance performance and choreography. Entry is by application and audition.

High Performance Tennis is offered in conjunction with a number of state sporting associations. The program has a strong focus on individual skill development and preparing players for competing at the elite level. Entry is by application and trial with students required to demonstrate experience playing a minimum level of Division 4 tennis.

Please contact the school on 8377 8000 for further information.
