

EdSmart Payments

Dear Families

We're pleased to let you know that Seaview High School has recently introduced **EdSmart Payments** as a simpler and more convenient way to manage payments for camps, excursions, sporting events and other school activities.

EdSmart Payments is a secure online payment system that works seamlessly with our existing **EdSmart Parent Permission Slips**, allowing you to complete permission forms and make payments all in one place.

What is EdSmart Payments?

EdSmart Payments enables parents and caregivers to submit permission forms and make payments online at the same time. The system is powered by **School EasyPay** and accepts secure credit and debit card payments, removing the need for separate payment processes or paperwork.

Why you'll like it:

- **Quick and convenient:** Complete forms and payments together in one step
- **Secure:** Meets PCI DSS Level 1 security standards
- **Flexible:** Pay using any major credit or debit card
- **Easy to track:** All forms and payments are stored in one place
- **No extra cost:** When the school covers the processing fee, there is no charge to families

How it works:

- You'll continue to receive Parent Permission Slips through EdSmart as usual
- If a payment is required, you can pay securely while completing the form
- You'll receive payment confirmation and can view your payment history at any time in EdSmart
- Payments are transferred securely to the school, with their status clearly visible

We're confident this system will make the process easier for families while also reducing paperwork and administration at the school.

If you have any questions or need assistance using EdSmart Payments, please contact the school administration office.

Thank you for your continued support.

Kind regards,

Seaview High School
